Cindy Gray School of Dance Celebrating our 45th year

To all my students, old and new, welcome to the Cindy Gray School of Dance, Inc. It is my hope that the dance training offered at our school, will help your children develop poise & self confidence, so vital to their creative & personal growth.

An annual recital is given at the end of the year and all are invited to participate, however, it is not a requirement. Please remember this does mean the extra expense of a costume, but it is a wonderful opportunity for the children to show off their accomplishments.

Thank-you for considering our school for your child's dance education. It is our goal to discover & develop the abilities of each individual:

Cindy Gray Murgia

Young dancers will
get off to a
great start here
